Lyrics:

This is an example of Chord Melody that you might like to explore.
Chord Melody utilises both Chords and individual strings to pick out the melody,

Use down strums for the chords, (In Tablature a Chord is indicated when all of the numbers are stacked on top of each other). It is best to just use your Thumb to strum and play the note or notes.

You will also need to use your little finger to make some of the chord shapes
