

Intro (before-the-beat rhythm): [Am]! / / / [Dm]! / / / [E7]! / / / / / [F]! [G]! X2

Verse 1: [A] You could never know [D] what it's like

Your [E7] blood like winter freezes [A] just like ice

And there's a [Bm] cold lonely light that [D] shines from [E7] you

You'll [F#m] wind up like the wreck you [D] hide, behind that [A] mask you use

Verse 2: [A] And did you think this fool could [D] never win

Well, [E7] look at me I'm comin' [A] back again

I got a [Bm] taste of love in a [D] simple [E7] way

and if you [F#m] need to know while I'm still [D] standing, you just [A] fade a-way

Chorus: Don't you know [Am] I'm still standing better than I [Em7] ever did

Lookin' like a [Dm] true survivor, feelin' like a [F] little kid [G]

[Am] I'm still standing after [Em7] all this time

Pickin' up the [Dm] pieces of my life without you [E7] on my mind

[F] I'm [G] still [Am] standing, [Dm] yea, yea, [E7] yea

[F] I'm [G] still [Am] standing, [Dm] yea, yea, [E7] yea

[F] [G]

Verse 3: [A] Once I never could've [D] hoped to win

You're [E7] stopping down the road leaving [A] me again

The [Bm] threats you made were meant to [D] cut me [E7] down

And if our [F#m] love was just a [D] circus, you'd be a [A] clown by now

Repeat Chorus: Don't you know [Am] I'm still standing...
